FEATURES / FUNCTIONS

FEATURES / FUNCTIONS	DESCRIPTION
1 Customizable	Available in different configurations, hardware options such as towel bars etc. and custom sizes
2 Ease of Installation	This door was designed & manufactured to be easily installed by a 1 or 2-person team.
3 Hardware Finish Options	<div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  Polished Chrome or Polished Stainless </div> <div style="text-align: center;">  Satin Gold </div> <div style="text-align: center;">  Brushed Nickel or Brushed Stainless </div> <div style="text-align: center;">  Matte Black </div> </div>
5 Hydro-Lock™	Tight seals around all edges & creases of the door divert water back into the shower to eliminate leakage & spillage.
6 Magna-Seal™	Magnetic strips run along the door panels that hold the door tightly in place when closed & prevent leakage.
7 NanoShield Glass Coating™	Seawin's exclusive NanoShield™ Glass Coating formula provides water & stain resistance.
8 Reversible	This door can be installed for left or right-handed opening.
9 SmartClose™	Self-closing hardware within the hinges offers smooth door closure & limits water leakage.
10 SmartLevel™	The rollers can be adjusted to guarantee a leveled installation.
11 SmartPlumb™	An additional width adjustment can be made to accommodate for out-of-plumb/uneven walls.
12 SmartWidth™ Adjustment	This door offers width adjustment by trimming the top and bottom guiderails or innovative design of the pivot hinges to fit the opening.
13 Soft-Close	With self & slow closing hinges, this door will close itself quietly & gently. Providing an additional layer of safety & convenience.
